LOCALIZED HEALTH IMPACTS REPORT

Selected Projects Awarded Funding Through the Alternative and Renewable Fuel and Vehicle Technology Program Under Solicitation GFO-16-601 Publication CEC-600-2017-003

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007) created the Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP). This statute, amended by Assembly Bill 109 (Núñez, Chapter 313, Statutes of 2008), authorizes the California Energy Commission to “develop and deploy innovative technologies that transform California’s fuel and vehicle types to help attain the state’s climate change policies.” Assembly Bill 8 (Perea, Chapter 401, Statutes of 2013) reauthorizes the ARFVTP through January 1, 2024.

The statute also directs the California Air Resources Board to develop guidelines that apply to the program to ensure the Energy Commission and Air Resources Board (ARB) programs complement efforts to improve air quality. The Air Quality Guidelines were approved in 2008. California Code of Regulations, Title 13, Chapter 8.1, Section 2343(c)(6) requires the Energy Commission, being the funding agency, to analyze the localized health impacts, consider environmental justice issues of projects funded by the program that require a permit, and publish a staff report for public review and comment at least 30 calendar days before approval of projects. The report was publicly available on February 3, 2017.

This report reviews the projects submitted under the Zero Emission Vehicle Readiness grant solicitation GFO-16-601, and proposed for funding under the Alternative and Renewable Fuel and Vehicle Technology Program. The report includes a description of the projects, criteria emissions data for the fuels associated with the projects, demographic data for the areas where the projects will be located, and an analysis of the impacts of these projects in communities with the most significant exposure to air contaminants or localized air contaminants.

The specific projects analyzed in this report are:

Applicant	Project Name	Project Address
Redwood Coast Energy Authority	North Coast ZEV Readiness Plan Implementation Phase 2	633 3 rd Street Eureka, CA 95501
San Luis Obispo County Air Pollution Control District	Central Coast Go-Zero: Zero Emission Vehicle Readiness Implementation in the Tri-Counties	3433 Roberto Court San Luis Obispo, CA 93401
Monterey Bay Unified Air Pollution Control District	Monterey Bay EV Acceleration Project	24580 Silver Cloud Court Monterey, CA 93940
Tahoe Regional Planning Agency	Tahoe-Truckee PEV Readiness Plan Implementation	128 Market Street Stateline, Nevada 89449 (Project location: The Tahoe-Truckee region)
Sonoma County Regional Climate Protection Authority	Sonoma County Drive EverGreen: Regional Readiness Plan Implementation	490 Mendocino Avenue Suite 206 Santa Rosa, CA 95401
San Diego Association of Governments	Plug-In SD: San Diego Regional PEV Readiness Plan Implementation	401 B Street Suite 800 San Diego, CA 92101

Written Comments

Written comments on this report must be submitted by 5 p.m. on March 5, 2017. Please include the publication number CEC-600-2017-003 and indicate *Localized Health Impacts Report for Selected Projects Awarded Funding Through the Alternative and Renewable Fuel and Vehicle Technology Program Under Solicitation GFO-16-601* in the subject line or first paragraph of your comments. The Energy Commission will consider comments received by the deadline.

The Energy Commission encourages comments by e-mail. Please include your name or organization's name in the name of the file. Send comments in either Microsoft® Word format (.doc) or in Adobe® Acrobat® format (.pdf) to ab118@energy.ca.gov.

If you prefer, you may send a paper copy of your comments to:
